Rounds :

- ❖ **Round 1** - Clue Hunting – For this round, you will choose a topic of your interest (Topics should be based on anything related to CE/IT – like an OS, a language or some technology domain such as AI). This topic needs to be submitted in a Google Form that will be provided to you in a day or two after your register for the event. Now, on the day of the event...both the participants will be sent on a clue hunt. Clues will be based on basic CE/IT concepts (such as C lang, basic coding, Windows Command line, etc). The first three teams to reach the destination will be rewarded as follows – First team gets 3 lifelines for the 2nd round, Second team gets 2 lifelines for 2nd round and the third team gets 1 lifeline for the 2nd round. Also, there will be two lifelines for each team for solving the clues. Only first 8 teams (subject to change) will proceed to next round. There will be about 4-5 Clues.
- ❖ **Round 2** – Quiz - Each team will be asked 10 questions that are based on the topic they selected in the Google Form. There's only one round in this quiz. Five teams will proceed to the next round. In case of a draw, tie-breaking questions will be asked which will be based on any basic concept related to CE/IT. A surprise awaits you in this Quiz.
- ❖ **Round 3** – Debate – There will be two debates in total – First Debate will be among the five teams that won round 2. This debate will be based on any technical topic. Second and the deciding debate will be based on Current affairs – this debate lasts 15-20 mins.
