Rounds:

❖ **Round1:** QUIZ (Max 20 min)

In First round, the MCQ/word problems will be given. Questions will be based on HTML/CSS/JavaScript. The top scoring teams will go to next round.

❖ **Round 2:** Developers' marathon (Can you develop in crisis?) (Max 45 min)

In Second round, some tasks will be assigned to teams. The team has to complete given tasks in minimum time with the minimum number of

Tags provided to you. The team, who is able to develop something which the judges like, will be sent to next round.

❖ **Round 3:** Clone Master (Can you develop anything?)(Max 60 min)
       In Third round, one template website will be given to the teams. The teams have to make the clone website with same functionalities in template. After making your cloned website it will be cross checked by any opponent team. For every bug you find in another's website you will be rewarded a point, for every bug found in your website a point will be deducted. Based on this, top 2 teams will be given the prizes.
